

Tuesday 8th November

All children will have individual photos taken in school time and if they have brothers or sisters in the Infants, group photos will also be taken during the morning.

The photographer will arrive early to set up and family group photos will be taken between 8 - 8.50 am. Children may have family photos taken out of uniform but please make sure you have time to change them into their school uniform before going into class. If older children from Secondary/Junior schools are coming please make sure you leave yourself plenty of time so they are not late for school.

We do not want you to be disappointed so please make sure you arrive early. Please do not park in the school car park as all the spaces are needed for staff.

So that we have some idea how many families to expect please return the slip below.

It is possible to have two sets of photos for separated families. If you would like this please fill in the form below.

Thank you
