24th November 2016

Dear Parents and Carers,

E-Safeguarding Awareness for Parents and Carers

We would like to invite you to an exciting e-Safety Presentation on Tuesday 29th November 2016 from 7-9pm. Refreshments will be provided from 6:40pm.

We live in a world where the use of technology is increasing rapidly. As parents, it is hard for us to keep up-to-date with the ways in which phones, tablets, computers & other technology are used and how we can help to keep our children safe in this ever-changing world.

We believe e-Safety to be an issue of high importance for anyone caring for children, teenagers and young adults because the growing use of technology, including use of online communication, presents a range of issues of which we all need to be aware.

We are delighted that "The 2 Johns" will be joining us next Tuesday to work with our children, staff, parents and carers. Mrs Mackenzie and Mrs Jackson have previously attended their training and were so impressed with what they learned from them. The 2 Johns have led many presentations at major events and we are very fortunate that they are joining us next week.

The aim of the session is to raise awareness of some of the potential issues and to help you support your children in the safe and responsible use of technology. Please do not think that your children are too young for this to be relevant to you, technology is a part of their lives!

If you can attend please complete the return slip and hand it in to the school office by Monday 28th November.

Please note: Due to the content this awareness session is not suitable for children.

Yours sincerely,

Mrs Mackenzie

I/will be attending the E-Safeguarding Awareness on Tuesday 29th November at 7pm.
